Quick-Accurate results that SAVES!

The Omega 230 is the machine every cash room should not be without. With its excellent accuracy and fast and efficient performance the Omega 230 is the machine that will save your business money every time it's used. The Savings you will receive will pay for this machine within its first year of use (in most cases). Contact **GEMSYS** today for some business specific information and about how much you could save by using the Omega 230 coin and currency scale.

A highly reliable and accurate desktop coin and currency counter, designed specifically to reconcile a cash tray quickly, accurately and effectively. For any business or organization that needs to make quick work of its currency counting.

Monitor progress

The Omega 230 is designed for businesses that demand a higher level of flexibility, particularly in the processing of non-cash items and pro-active management of cash on the shop floor. Allowing businesses to actively monitor register discrepancies and speed up random register checks throughout the day.

Functions

Counts loose, bagged and rolled coins
Counts loose, banded and sleeved bills
Counts coupons, vouchers, credit card, interac, and tokens
Onboard memory stores data for 50+ registers (fully edit-able)
Counts start bank
Multiple currency options

Benefits

The Omega 230 saves you valuable time, giving you more time to focus on your customers, while also eliminating manual counting errors, allowing you to conduct instant spot checks and save data direct to your PC or back office network.
